

Ken Kostyniuk

My name is Ken Kostyniuk, I have been a Safety Advisor with the Motor Safety Association of Saskatchewan (MSA) since June of 2011.

Prior to working at MSA, I was a Safety Advisor from 2008 to 2011, with the Safety Association of Saskatchewan Manufacturers (SASM), formerly known as the Agricultural Manufactures of Canada – AMC.

From 1998 to 2008, I was an Engineering Technologist with Rite Way Manufacturing Ltd. located in Imperial Saskatchewan.

I have been involved with the Royal Canadian Air Cadet Program as a Cadet Instructor Cadre (CIC) Officer since 2003. I have also been an Aide-de-Camp to the last four Lieutenant Governors of Saskatchewan since 2006.

I enjoy flying gliders & ultralights when I have the chance to do so. I have been volunteering my time as a Saskatchewan Local Council member (since 2016) & Group Leader with the Duke of Edinburgh's International Award – Canada since 2004.

I've been married to my wife Tracey since 1988 & have two adult children, Kristine & Kolby.

My plan is to work until I am 65 & then retiring to some place warm!
