

Kevin Milligan

Kevin Milligan serves as a Senior Safety Consultant with the Motor Safety Association of Saskatchewan (MSA), a role he has held since 2013. Bringing extensive industry experience to the team, Kevin previously spent his career working within the mining and oil and gas sectors.

In his current capacity, Kevin is dedicated to collaborating with a diverse range of organizations to implement effective safety strategies that protect employees. He is a passionate advocate for workplace safety and values the opportunity to work alongside a team of professionals committed to improving the lives of their members.
