

Tanner Zaharia

My name is Tanner Zaharia; I have been a safety consultant with the Motor Safety Association in Regina since August of 2026.

I hold a certificate in Health and Safety through Saskatchewan Polytechnic. I bring several years of occupational health and safety experience to the role. Prior to joining MSA, I was a Health and Safety Manager with AGT Foods, where I was responsible for supporting safety programs, workplace inspections, incident investigations, coordinating training, and regulatory compliance. I'm passionate about helping organizations build strong safety cultures and finding practical solutions that help keep people safe.

Outside of work, I'm an avid football fan and enjoy staying involved in the sport through playing and coaching. I have two cats and a dog that love to cause trouble. My hobbies include hanging out with friends, playing video games, watching Marvel and Star Wars movies, and spending time with my wife.
